

MAXIMUM MANEUVERABILITY.

A ride-on sweeper boasting intuitive operation in a compact and agile package.

Anrunto 1250

Compact, agile and intuitive.

High-quality commercial ride-on road sweeper, with a cleaning width of 1250mm, effective to clean asphalt, cement, gravel, rubble, etc, that can't be done by floor scrubbers. Max Efficiency up to 6400 square meters per hour, which can replace the labor of more than 30 people.

1 Back drawer push-pull dustbin

- 80L large dustbin tank to collect more garbage.
- The drawer design makes it easier to transport and dump garbage. And the dustbin is made of high-quality metal material, which is more convenient to clean and durable.

2 Humanized control panel

- With an open design, the cab can be added, and the driving vision is excellent, which can effectively judge intersections and observe various ground garbage to clean.
- Push-button operation which make function selection and switching very simple, making cleaning more comfortable and easier.

3 Clear Water Tank

- The machine is equipped with a front sprinkler to prevent flying dust during working, this will effectively protect the environment from secondary
- pollution and protect human health. With inner commercial filter, all kinds of fine dust can be absorbed in the cleaning processes.

4 LED Light

- It can work at night, the LED uses cold light source, less glare, no radiation, no harmful substances.

Technical data and equipment.

TECHNICAL SPECIFICATIONS	
Maximum work productivity	6400m ² /h
Forward Speed :	0-12km/h
Cleaning Width :	1250mm
Main Brush Width :	500mm
Battery Capacity :	48V/65Ah
Clear Water Tank :	10L
Dustbin :	80L
Voltage/Rated Power :	48V/1920W
Dimensions :	1500*1250*1330mm
Operation Duration :	>4h
Net Weight/Gross Weight :	400/430kg
